Autopsy, Ethics and Law: An Interdisciplinary Approach for AYUSH Health Professionals.

Father Muller Homoeopathic
Medical College Auditorium
Deralakatte

Father Muller Homoeopathic Medical College (FMHMC)

A premier institution under the Father Muller Charitable Institutions (FMCI), FMHMC has been a pillar of excellence in Homoeopathic education and health care for over 145 years. Inspired by the legacy of its founder, Rev Fr. Augustus Muller, the college is recognized for its cutting-edge clinical training, research-driven curriculum, and strong emphasis on compassionate, patient-centered care. FMHMC stands as a beacon of academic integrity, producing globally competent Homoeopathic professionals.

QUEST BEYOND ORDINARY

Forensic Medicine and Toxicology is a rapidly evolving discipline that bridges medicine, law, and forensic sciences. With continuous advancements in autopsy techniques, legal frameworks, and forensic applications in healthcare, there is a growing need for interdisciplinary academic platforms. QUEST 2026 aims to provide such a national-level forum, fostering academic dialogue among medical, forensic science, pharmacy, law, and AYUSH professionals and students.

The seminar is designed to enhance conceptual clarity, promote interdisciplinary interaction, and update participants on contemporary medico-legal practices and legislative aspects relevant to forensic medicine.

OPEN FORUM

Abstracts are invited for open forum presentation.

Submission Guidelines

- » **Word limit:** 250–300 words.
